

## **REMARKS**

Claims 30-35 and 38-39 are amended and claims 30-35 and 38-39 remain in the application for consideration. In view of the following remarks, Applicant respectfully requests reconsideration and allowance of the subject application.

### **Examiner Interview**

Applicant would like to sincerely thank Examiner Caschera for his time in discussing this application over the phone on February 1, 2007. During this interview, proposed amendments to the claims were discussed. Examiner Caschera agreed that Applicant's proposed amendment to claim 30 is sufficient to overcome the § 103 rejections. Examiner Caschera also suggested claim amendments that would overcome any potential § 101 rejections. Without conceding the propriety of the rejections, Applicant has amended the claims in accordance with the proposed and discussed amendments. As such, Applicant respectfully requests that the Examiner contact Applicant's undersigned representative to discuss this application before issuing any subsequent rejections.

### **§ 103 rejections**

Claims 30-35 and 38-39 stand rejected under 35 U.S.C. § 103(a) as allegedly being obvious over U.S. Patent Pub. No. 2003/0174882 to Turpin, et al. in view of U.S. Statutory Invention Reg. No. H1506 to Beretta and further in view of the cited Easy RGB website. While Applicant respectfully disagrees with the rejections, Applicant has nonetheless amended claim 30 as discussed during the Examiner interview to overcome the rejections.

Accordingly, Applicant submits that the rejections are overcome and claim 30 is allowable.

As to claims 31-35 and 38-39, these claims depend from claim 30 and thus are allowable as depending from an allowable base claim. These claims are also allowable for their own recited features which, in combination with those recited in claim 30, are neither disclosed nor suggested by the cited references.

**Conclusion**

All of the claims are in condition for allowance. Accordingly, Applicant requests a Notice of Allowability be issued forthwith. If the Office's next anticipated action is to be anything other than issuance of a Notice of Allowability, Applicant respectfully requests a telephone call for the purpose of scheduling an interview.
